Welcome to the King Edward VI Academy Trust

Welcome to the King Edward VI Academy Trust.

1 September 2017 saw the beginning of an exciting chapter in the history of our organisation when The King Edward VI Academy Trust was created, comprising the six King Edward VI Grammar schools and one comprehensive school. We welcomed the renamed King Edward VI Handsworth Grammar School for Boys into the Trust and this was followed by Handsworth Wood Girls' Academy in 2018 and Balaam Wood Academy in 2019. Turves Green Girls' School will join us in September 2021, renamed as King Edward VI Northfield School for Girls.

Our mission is to make Birmingham the best place to be educated in the UK. If we are to serve the city's children, we recognise that we need to provide a range of schools: selective and also comprehensive and we believe that those schools need to be accessible to all, regardless of ethnic, religious and social background. Our plan is that additional comprehensive schools will join us in the future enabling us to have an impact on the education of even more children across the City.

We believe that we can achieve these goals through the close partnership of the schools within our Academy Trust as well as the continued development of relationships with local primary schools through our outreach programme. This is an exciting time for the Academy Trust. Much has been achieved already and we look forward to the future.

Sharon Roberts

Chair of Academy Trust Board

h. Related parties and other connected charities and organisations

The Academy Trust is sponsored by the Schools of King Edward VI in Birmingham (the 'Foundation') charity. The Foundation has both a governance based and contractual relationship with the Academy Trust.

For example, the Chair of the Academy Trust's Board of Trustees from time to time is an ex-officio member of the standing committee known as the Joint Strategy Committee (JSC). The JSC recommends general strategy and a plan for the Foundation and Academy Trust as a whole; recommends educational policy and strategy for the Foundation and Academy Trust as a whole; recommends the allocation and distribution of the Foundation's resources for all purposes, in relation to the above; and keeps under review the role and performance of all the Foundation's schools.

Any recharged central service/senior leadership costs, above those that are donated from the Foundation, are recharged as part of an agreed Service Level Agreement and at no more than cost.

i. Engagement with employees (including disabled persons)

A Staff Liaison Committee was formed by the Academy Trust in 2017 and includes representatives (both teaching and non-teaching) from each of the schools within the Academy Trust. The group meet on a termly basis to consider all aspects of the Academy Trust, but in particular those relating to HR matters, and gives all staff a voice on a range of matters. During 2020/21, a staff engagement survey was rolled out across the Academy Trust.

A total of 633 employees from the Academy Trust and Foundation Office completed the staff working conditions and wellbeing survey, the first engagement survey we have run as an Academy Trust. Participant numbers varied across the schools

Infographics detailing the themes and actions arising out of the responses have been produced to provide comparisons with the national benchmark in key areas. The infographics have also been distributed to all employees and form part of an ongoing communication plan regarding the actions we have committed to.

The Equal Opportunities Policy for the Academy Trust sets out the aims of the Academy Trust to ensure that no job applicant receives less favourable treatment because of a Protected Characteristic. The policy also sets out how the Academy Trust will support an employee who becomes disabled as much as possible and to ensure that they are not treated less favourably because of something related to their disability. Recently, an Equalities, Diversity and Inclusion Committee has been set up across the Foundation to progress an equalities agenda with representation from across the Academy Trust.

Both the Staff Liaison and Equalities, Diversity and Inclusion Committees report through the Academy Trust HR Committee.

Employees have been consulted on issues of concern to them by means of regular consultative committee and staff meetings and through the Staff Liaison Committee, staff representatives inform and canvas staff for their views and opinions on employment and people matters. Staff representatives have the opportunity to add items to agenda for discussion. The Academy Trust carries out exit interviews for staff leaving the organisation and has adopted a procedure of upward feedback for senior management and the Trustees.

In accordance with the Academy Trust's Equal Opportunities policy, the Academy Trust has long established fair employment practices in the recruitment, selection, retention and training of disabled staff.

Full details of these policies are available from the Academy Trust's offices.

a. Key performance indicators

As with every Trust in the country, the impact of the COVID-19 pandemic was felt through disruption to normal ways of working. The Trust dealt with these challenges effectively in terms of providing online learning through access to devices and internet for pupils, managing the rate of infections, and ensuring that academic standards were maintained. While it is not possible to make meaningful comparisons between 2021 and previous examination results, the coherence, robustness and fairness of the Trust's delivery and assessment of its curriculum was evidenced through the acceptance of all Centre Assessed Grades across the academies and strong transition data in terms of moving on to further and higher educational setting.

Pupil-initiated activity around the promotion of equality, diversity and inclusion continued remotely throughout the academic year, supported by staff to use their voice to secure change.

The Academy Trust was able to meet the vast majority of its targets in relation to the delivery of high quality support services to our academies. In particular, the delivery of procurement savings, the quality of HR advisory services and the dedicated finance support underpinning the continued healthy financial outlook for the Academy Trust were notable successes.

The total funds for the year after transfers is £118,423,575 (2020: £119,989,309) including the amounts transferred on conversion of £NIL (2020: £13,090,000).

Summary of Financial Position

Total fund balance as at 31st August 2021 was £106,703,302 (2020: £107,809,062) comprised of a surplus of £3,923,837 (2020: £4,030,017), £9,765,890 (2020: £6,613,736) and £118,423,575 (2020: £119,989,309) in Unrestricted, Restricted and Restricted Fixed Asset Funds respectively excluding the pension fund deficit of £25,410,000 (2020: £22,824,000).

Balance Sheet

The Academy Trust's assets were predominantly used for providing education to school students within the Academy Trust.

Some assets were used by the local community, predominantly for sports, but also for working with local charities to raise funds and support the elderly and disadvantaged.

The net book value of the Academy Trust's tangible fixed assets was £114,504,688 (2020: £110,804,139) as at 31 August 2021. Cash at bank at 31 August 2021 was £4,402,532 (2020: £8,027,011), which includes capital grants received, but not yet spent at the year end.

a. Reserves policy

The Trustees review the reserve levels of the Academy Trust annually and on a regular basis through the annual budgeting and business planning process. This review encompasses the nature of the income and expenditure streams, the need to match income with financial commitments and the nature of reserves. The Trustees compare the reserve levels to the target for the Academy Trust.

Reserves are classified as either restricted or unrestricted. Restricted reserves include the restricted income fund which represents any unspent balance of General Annual Grant (GAG) from the Education and Skills Funding Agency (ESFA) and the National College for Teaching and Leadership (NCTL) plus the restricted fixed asset fund. The deficit on the pension reserve representing the FRS102 pension liability for the West Midlands Local Government Pension Scheme is included within restricted reserves.

Unrestricted reserves represent any surplus funds on activities where there is no restriction on their use. These

KING EDWARD VI ACADEMY TRUST BIRMINGHAM

TRUSTEES' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 AUGUST 2021

funds can be carried forward without limit. The Academy Trust's free reserves are those income funds that are freely available for general purposes, which, under SORP 2015, are the unrestricted reserves of £3,923,837.

Reserves are required in order to cover the risks of an unforeseen emergency or other unexpected need for funds (e.g. unexpected repair costs or covering the cost of prolonged staff absences); to support the strategic ambitions of the Academy Trust by planning for future capital and revenue investment (e.g. new or improved school buildings); to recognise the risk that as pupil funding changes, staffing and non-staffing expenditure may not be aligned to income levels fast enough and also to hold back a contingency to cover unknown future cost increases (e.g. National Insurance and Pension Schemes).

In accordance with ESFA and Charity Commission guidance Trustees assess that the underlying viability of the Academy Trust is determined by the level of reserves within the unrestricted income funds and restricted income fund (for General Annual Grant (GAG)) less funds held in any designated fund (if applicable) and funds committed for capital projects.

For the purpose of this policy this figure is defined as "available reserves". The negative pension reserve is not deducted from available reserves. Calculating a prudent level of available reserves that the Academy Trust should hold is a matter of judgement for the Trustees. On the one hand a high level of reserves demonstrates to stakeholders that the Academy Trust is financially secure and can deal with unforeseen circumstances and events, but the counter argument is that funding may not have been directed in a timely manner to the welfare of the Academy Trust's beneficiaries – its recent, current and future pupils.

Reserves are an inherent part of the risk management process of the Academy Trust. The need for reserves will vary depending on its current and future financial position. At present given the future uncertainty around the National Funding Formula for pupil funding and the inherent risks during the early years of a new Academy Trust the Trustees have assessed that a cautious approach is required. Trustees have therefore assessed that the Academy Trust should hold a level of available reserves representing a minimum of 4 weeks of annual GAG income (i.e. 7.7% of GAG income).

The total level of reserves held at 31 August 2021 was £106,703,302 (2020: £107,809,062) as set out in the Balance Sheet and Note 17 to the accounts. Within the total reserves figure is an amount of £118,423,575 represented by the restricted fixed asset fund. This fund includes the cumulative value of the Academy Trust's capital grant and donations less depreciation and will normally equal the net book value of the Academy Trust's fixed assets, unless any amount of grant or donations have not been spent at the year-end, where in this case the net book value will be lower.

This fund cannot be spent and is therefore not a free reserve nor is it included in the calculation of the target level of available reserves.

At 31 August 2021 the available reserves of the Academy Trust were £13,689,727, representing 14 weeks of budgeted GAG income for the 2021/22 financial year. This was in line with Trustee's expectations. Some of these reserves are designated for new builds at King Edward VI Camp Hill School for Boys and King Edward VI Sheldon Heath Academy.

b. Investment policy

The Academies Financial Handbook provides the freedom to allow the Academy Trust to invest surplus funds if the investment risk is properly managed.

When considering an investment, the board of trustees must:

- act within its powers to invest as set out in its articles
- have an investment policy to manage and track its financial exposure, and ensure value for money
- exercise care and skill in investment decisions, taking advice as appropriate from a professional adviser
- ensure that exposure to investment products is tightly controlled so that security of funds takes

FOR THE YEAR ENDED 31 AUGUST 2021

- precedence over revenue maximisation
- ensure that investment decisions are in the best interests of the Academy Trust
- review the trust's investments and investment policy regularly

Purpose

The Academy Trust does not consider the investment of surplus funds as a primary activity, rather an opportunity to further the trust's charitable aims.

Before any cash is invested, the trust must:

- Ensure adequate cash balances are maintained in the current account to cover day to day working capital requirements
- Ensure that there is minimal risk of loss in the capital value of any cash funds invested
- Protect the capital value of any invested funds against inflation
- Optimise returns on invested funds

Guidelines

Decisions on how much to invest and how long to invest for, will be based on operational requirements, and demonstrated by cash flow forecasts produced by the Head of Finance. The cash flow forecasts will take account of the annual budget and spending plans approved by the Academy Trust Finance Committee and updated on a monthly basis.

The balance held in the current account must be sufficient for the Academy Trust's financial commitments to be met without the bank account going overdrawn. The size of the balance will be determined by a forecast of future need and kept under review.

Investments for a fixed term should not normally exceed one year in order to provide flexibility for the following year's plans, unless a clear rationale is provided for exceeding one year to the benefit of the Academy Trust.

c. Principal risks and uncertainties

Risks are identified, scored, reviewed and mitigated using the GRC-ONE risk management software, which has been specifically developed for academies and Academy Trusts. The Academy Trust Audit Committee reviews the risk register on a periodic basis.

Risk	Description	Mitigation Plans
The organisation suffers from a significant or prolonged governance failure	Prolonged governance failure leads to increased public and government concern over the lack of good management practice and public accountability. Good corporate governance structures encourage creation of value, provide accountability and control systems commensurate with the risks involved with the Board of Trustees being responsible for the corporate governance of their trust.	The Academy Trust has a robust governance structure in place, supported by Terms of Reference and monitoring of governor-related compliance activities (e.g. declaration of business interests). These structures and arrangements are subject to periodic review and updated to reflect any changes in the regulatory environment (e.g. GDPR).
The Trust operation is poorly managed or ineffective	Poor management can cause organisations to permanently close. Poor leadership results in high turnover of employees and low morale; the cost of recruitment and training becomes prohibitive, which can impact a business's ability to continue operations.	The Academy Trust has staff seconded to it from the Schools of King Edward VI Foundation Charity. These staff are lined managed by director-level members of the charity's senior leadership team. There is also a performance management and development system in place which links the objectives and performance of the organisation to the individual objectives and performance of leaders and members of staff.
There is a decline in the performance of one or more of the Trust's schools	A sponsored academy fails to improve and / or one or more of the Trust's academies goes into an Ofsted category following an inspection.	The Academy Trust deploys an experienced Consultant Headteacher to schools requiring additional support. A substantial School Improvement Fund has been established to support a range of school-to-school support activities, including leaders of education, subject networks and CPD. The Academy Trust is appointing a Director of Education for September 2022. In addition, the Academy Trust commissions external Safeguarding Audits and School Improvement Partner visits to identify areas for development.
There are insufficient funds to deliver the Trust services to the appropriate level	Poor management of finances may lead to the budget being overextended in comparison with revenues or contributions received. Without sufficient business reserves it may not be able to absorb consistent losses, and the organisation can fail.	The Academy Trust has a dedicated finance function which includes peripatetic finance managers who work closely with each academy to set and monitor budgets. There is a reserves policy in place and the actual position on reserves is monitored against this so that any remedial action required can be taken quickly and effectively.
The Trust fails to adequately protect its reputation	Risk to reputation is caused by a misalignment of values; the organisation failing in some way to meet stakeholder expectations, delivering significantly below expectation. As reputation is a relational concept this failure can manifest itself in a number of different ways.	A mission statement and set of values are in place, as is a Marketing and Communications team who monitor reputational risks.
The Trust fails in its compliance responsibilities and / or a serious safeguarding incident occurs in one of the Trust's schools	Failure to comply with these compliance requirements can have serious consequences for both organisations and individuals. Sanctions can include letters for improvement, fines, prosecution, imprisonment and disqualification from continuing to transact business or practice.	The Academy Trust has a robust governance structure in place. We have a compliance function which ensures that compliance responsibilities are understood and adhered to. We also use the GRC- ONE risk management system which is based on meeting the regulatory requirements of the ESFA, Ofsted and other relevant bodies. The establishment of a stronger, central educational resources and external audits in safeguarding and education will ensure that there is more focus on this area.

d. Financial risk management objectives and policies

The objectives of the Academy Trust's Risk Management Procedure is to identify the principal risks facing the Academy Trust so that existing controls may be considered and further action taken if required, including external insurances.

The Board of Trustees has compiled a comprehensive risk management process to identify and monitor the risks faced by the Academy Trust within the context of the Trust constitution.

The financial risks considered include: economic/financial uncertainty, liquidity and solvency, credit risk, the risk of fraud and non-compliance with financial statutory requirements.

e. Fundraising

The Academy Trust does not use any external fundraisers. All fundraising undertaken during the year was monitored by the Trustees.

The chosen intensity measurement ratio is total gross emissions in metric tonnes CO2e per pupil, the recommended ratio per pupil.

Measures taken to improve energy efficiency during the year:

- 1) Replaced ageing office equipment with energy-efficient products,
- 2) Expanded video conferencing and online meetings (as opposed to F2F meetings).
- 3) Replaced old halogen, T8 and inefficient lamps with low-energy LED's.
- 4) Upgraded to new boilers where applicable.
- 5) Replaced critical and single glazed windows with double glazed

Plans for future periods

As discussed above, the Trust has recently adopted a new five-year strategy with a set of strategic objectives and KPIs.

The most significant changes will be in terms of the collaborative resources and structures available to improve the quality of education that we provide. Fundamentally, more resources will be made available for cross-Trust work in developing education across all of our schools. This will include:

- Opportunity for teachers and leaders to support and learn from other schools within the Trust through a Leader of Education programme
 - More collaboration between departments and subject areas across schools through enhanced subject networks with dedicated leads
 - Coherent Trust-wide approaches to coaching, mentoring and career development
 - An increased focus on Trust-wide educational strategy and the systems to deliver it
 - A move towards a more unified digital approach in order to be able to better share educational resources and best practice
 - Stronger collaboration between the Trust's sixth forms to maintain and widen the post-16 offer for learners
- Peer reviews for departments and leaders

A range of new strategies will be implemented to further the new overall direction including:

- School Improvement
- Human Resources (incl. Career Framework)
- Environmental Sustainability
- Digital
- External Relations
- Growth

In order to deliver these changes, some key appointments will be made, including a Director of Education for September 2022.

Agency arrangements

The Academy Trust acts as an agent in distributing bursary funds and grants from the ESFA and other government bodies. Payments received and subsequent disbursements to students are excluded from the statement of financial activities as the trust does not have control over the charitable application of the funds. In some instances, the trust can use a percentage of the allocation towards its own administration costs and this is recognised in the statement of financial activities. The funds received and paid and any balances held are disclosed in note 15.

Disclosure of information to auditor

Insofar as the Trustees are aware:

- there is no relevant audit information of which the charitable company's auditor is unaware, and
- that Trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

The Trustees' report, incorporating a strategic report, was approved by order of the Board of Trustees, as the company directors, on 8 December 2021 and signed on its behalf by:

Review of value for money

As Accounting Officer, the Chief Executive Officer has responsibility for ensuring that the Academy Trust delivers good value in the use of public resources. The Accounting Officer understands that value for money refers to the educational and wider societal outcomes achieved in return for the taxpayer resources received.

The Accounting Officer considers how the Academy Trust's use of its resources has provided good value for money during each academic year, and reports to the board of trustees where value for money can be improved, including the use of benchmarking data where appropriate. The Accounting Officer for the Academy Trust has delivered improved value for money during the year by:

- Further improving the central services offer providing our academies with well structured, value for money support services
- Delivering procurement savings in excess of £90,000 across the Academy Trust

GOVERNANCE STATEMENT (CONTINUED)

The purpose of the system of internal control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of Academy Trust policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in King Edward VI Academy Trust Birmingham for the year 1 September 2020 to 31 August 2021 and up to the date of approval of the annual report and financial statements.

Capacity to handle risk

The board of Trustees has reviewed the key risks to which the Academy Trust is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The board of Trustees is of the view that there is a formal ongoing process for identifying, evaluating and managing the Academy Trust's significant risks that has been in place for the year 1 September 2020 to 31 August 2021 and up to the date of approval of the annual report and financial statements. This process is regularly reviewed by the board of Trustees.

The risk and control framework

The Academy Trust's system of internal financial control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability. In particular, it includes:

- comprehensive budgeting and monitoring systems with an annual budget and periodic financial reports which are reviewed and agreed by the board of Trustees
- regular reviews by the Finance Committee of reports which indicate financial performance against the forecasts and of major purchase plans, capital works and expenditure programmes
- setting targets to measure financial and other performance
- clearly defined purchasing (asset purchase or capital investment) guidelines
- delegation of authority and segregation of duties
- identification and management of risks

The Academy Trust has considered the need for a specific internal audit function and has appointed RSM Risk Assurance Services LLP to carry out reviews of the systems as determined by the Audit Committee. During the year the internal auditors carried out reviews of key operational controls and followed up on reviews of HR recruitment processes and IT cyber security.

On a timely basis, RSM Risk Assurance Services LLP reports to the board of trustees, through the audit committee, on the operation of the systems of control and on the discharge of the board of trustees' financial responsibilities and annually prepares a summary report to the committee outlining the areas reviewed, key findings, recommendations and conclusions to help the committee consider actions and assess year on year

INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS TO THE MEMBERS OF KING EDWARD VI ACADEMY TRUST BIRMINGHAM

Opinion

We have audited the financial statements of King Edward VI Academy Trust Birmingham (the 'academy trust') for the year ended 31 August 2021 which comprise the Statement of financial activities, the Balance sheet, the Statement of cash flows and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law, United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', the Charities SORP 2019 and the Academies Accounts Direction 2020 to 2021 issued by the Education and Skills Funding Agency.

In our opinion the financial statements:

- give a true and fair view of the state of the Academy Trust's affairs as at 31 August 2021 and of its incoming resources and application of resources, including its income and expenditure for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006, the Charities SORP 2019 and the Academies Accounts Direction 2020 to 2021 issued by the Education and Skills Funding Agency.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Academy Trust in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Academy Trust's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Trustees with respect to going concern are described in the relevant sections of this report.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matters prescribed by the Companies Act 2006

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS TO THE MEMBERS OF KING EDWARD VI ACADEMY TRUST BIRMINGHAM (CONTINUED)

Responsibilities of trustees

As explained more fully in the Trustees' responsibilities statement, the Trustees (who are also the directors of the Academy Trust for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the Academy Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the Academy Trust or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

We obtained an understanding of the legal and regulatory frameworks within which the charitable company operates, focusing on those laws and regulations that have a direct effect on the determination of material amounts and disclosures in the financial statements. The laws and regulations we considered in this context were the Charities Act 2011 together with the Charities SORP (FRS 102) and the Companies Act. We assessed the required compliance with these laws and regulations as part of our audit procedures on the related financial statement items.

In addition, we considered provisions of other laws and regulations that do not have a direct effect on the financial statements but compliance with which might be fundamental to the charitable company's ability to operate or to avoid a material penalty. We also considered the opportunities and incentives that may exist within the charitable company for fraud. The key laws and regulations we considered in this context were General Data Protection Regulation, health and safety legislation and employee legislation.

Auditing standards limit the required audit procedures to identify non-compliance with these laws and regulations to enquire of the Trustees and other management and inspection of regulatory and legal correspondence, if any. We identified the greatest risk of material impact on the financial statements from irregularities, including fraud, to be within the timing and completeness of income recognition and the override of controls by management. Our audit procedures to respond to these risks included enquiries of management and the Board about their own identification and assessment of the risks of irregularities, sample testing on the posting of journals, reviewing accounting estimates for biases, reviewing regulatory correspondence with the ESFA, and reading minutes of meetings of those charged with governance.

Owing to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards. For example, the further removed non-compliance with laws and

regulations (irregularities) is from the events and transactions reflected in the financial statements, the less likely the inherently limited procedures required by auditing standards would identify it. In addition, as with any audit, there remained a higher risk of non-detection of irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. We are not responsible for preventing non-compliance and cannot be expected to detect non-compliance with all laws and regulations.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditor's report.

Use of our report

This report is made solely to the Academy Trust's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Academy Trust and its members, as a body, for our audit work, for this report, or for the opinions we have formed.

INDEPENDENT REPORTING ACCOUNTANT'S ASSURANCE REPORT ON REGULARITY TO KING EDWARD VI ACADEMY TRUST BIRMINGHAM AND THE EDUCATION AND SKILLS FUNDING AGENCY

In accordance with the terms of our engagement letter dated 12 June 2018 and further to the requirements of the Education and Skills Funding Agency (ESFA) as included in the Academies Accounts Direction 2020 to 2021, we have carried out an engagement to obtain limited assurance about whether the expenditure disbursed and income received by King Edward VI Academy Trust Birmingham during the year 1 September 2020 to 31 August 2021 have been applied to the purposes identified by Parliament and the financial transactions conform to the authorities which govern them.

This report is made solely to King Edward VI Academy Trust Birmingham and ESFA in accordance with the terms of our engagement letter. Our work has been undertaken so that we might state to King Edward VI Academy Trust Birmingham and ESFA those matters we are required to state in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than King Edward VI Academy Trust Birmingham and ESFA, for our work, for this report, or for the conclusion we have formed.

Respective responsibilities of King Edward VI Academy Trust Birmingham's accounting officer and the reporting accountant

The accounting officer is responsible, under the requirements of King Edward VI Academy Trust Birmingham's funding agreement with the Secretary of State for Education dated 30 August 2017 and the Academies Financial Handbook, extant from 1 September 2020, for ensuring that expenditure disbursed and income received is applied for the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Our responsibilities for this engagement are established in the United Kingdom by our profession's ethical guidance and are to obtain limited assurance and report in accordance with our engagement letter and the requirements of the Academies Accounts Direction 2020 to 2021. We report to you whether anything has come to our attention in carrying out our work which suggests that in all material respects, expenditure disbursed and income received during the year 1 September 2020 to 31 August 2021 have not been applied to purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them.

Approach

We conducted our engagement in accordance with the Framework and Guide for External Auditors and Reporting Accountant of Academy Trusts issued by ESFA. We performed a limited assurance engagement as defined in our engagement letter.

The objective of a limited assurance engagement is to perform such procedures as to obtain information and explanations in order to provide us with sufficient appropriate evidence to express a negative conclusion on regularity.

A limited assurance engagement is more limited in scope than a reasonable assurance engagement and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express a positive opinion.

Our engagement includes examination, on a test basis, of evidence relevant to the regularity and propriety of the Academy Trust's income and expenditure.

The work undertaken to draw our conclusion includes a review of the design and implementation of the Academy's internal controls and review processes on regularity, supported by detailed tests on samples of costs incurred by the academy and specific transactions identified from our review.

Conclusion

In the course of our work, nothing has come to our attention which suggest in all material respects the expenditure disbursed and income received during the year 1 September 2020 to 31 August 2021 has not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2021

1. Accounting policies

A summary of the principal accounting policies adopted (which have been applied consistently, except where noted), judgments and key sources of estimation uncertainty, is set out below.

1.1 Basis of preparation of financial statements

The financial statements of the Academy Trust, which is a public benefit entity under FRS 102, have been prepared under the historic cost convention in accordance with the Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102), the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)), the Academies Accounts Direction 2020 to 2021 issued by ESFA, the Charities Act 2011 and the Companies Act 2006.

The financial statements represent the financial results and financial position of King Edward VI Academy Trust Birmingham ("the Academy Trust"), which comprised the following member academies at the 31 August 2021:

King Edward VI Aston School
King Edward VI Camp Hill School for Boys
King Edward VI Camp Hill School for Girls
King Edward VI Five Ways School
King Edward VI Handsworth School
King Edward VI Handsworth Grammar School for Boys
King Edward VI Sheldon Heath Academy
King Edward VI Handsworth Wood Girls' Academy
King Edward VI Balaam Wood Academy

1.2 Company status

The Academy Trust is a company limited by guarantee and was incorporated in England and Wales (registered number 10654935). The address of the registered office is Foundation Office, Edgbaston Park Road, Birmingham, B15 2UD. The members of the company are named in the reference and administration pages. In the event of the Academy Trust being wound up, the liability in respect of the guarantee is limited to £10 per member of the Academy Trust.

1.3 Going concern

The Trustees assess whether the use of going concern is appropriate i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the Academy Trust to continue as a going concern. The Trustees make this assessment in respect of a period of at least one year from the date of authorisation for issue of the financial statements and have concluded that the Academy Trust has adequate resources to continue in operational existence for the foreseeable future and there are no material uncertainties about the Academy Trust's ability to continue as a going concern, therefore they continue to adopt the going concern basis of accounting in preparing the financial statements.

(A company limited by guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2021

1. Accounting policies (continued)

1.4 Income

All incoming resources are recognised when the Academy Trust has entitlement to the funds, the receipt is probable and the amount can be measured reliably.

• **Grants**

Grants are included in the Statement of financial activities on a receivable basis. The balance of income received for specific purposes but not expended during the period is shown in the relevant funds on the Balance Sheet. Where income is received in advance of meeting any performance-related conditions there is not unconditional entitlement to the income and its recognition is deferred and included in creditors as deferred income until the performance-related conditions are met. Where entitlement occurs before income is received, the income is accrued.

General Annual Grant is recognised in full in the Statement of financial activities in the year for which it is receivable and any abatement in respect of the year is deducted from income and recognised as a liability.

Capital grants are recognised in full when there is an unconditional entitlement to the grant. Unspent amounts of capital grants are reflected in the Balance Sheet in the restricted fixed asset fund. Capital grants are recognised when there is entitlement and are not deferred over the life of the asset on which they are expended.

• **Donations**

Donations are recognised on a receivable basis (where there are no performance-related conditions) where the receipt is probable and the amount can be reliably measured.

• **Other income**

Other income, including the hire of facilities, is recognised in the year it is receivable and to the extent the Academy Trust has provided the goods or services.

• **Donated goods, facilities and services**

Goods and services that are received as donations in kind are recognised in the SOFA as incoming resources. A corresponding expenditure of the same amount is also recognised.

• **Transfer on conversion**

Where assets and liabilities are received by the Academy Trust on conversion to an academy, the transferred assets are measured at fair value and recognised in the Balance Sheet at the point when the risks and rewards of ownership pass to the Academy Trust. An equal amount of income is recognised as a transfer on conversion within 'Income from Donations and Capital Grants' to the net assets received.

(A company limited by guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2021

1. Accounting policies (continued)

1.5 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

Expenditure on raising funds

This includes all expenditure incurred by the Academy Trust to raise funds for its charitable purposes and includes costs of all fundraising activities events and non-charitable trading.

Charitable activities

These are costs incurred on the Academy Trust's educational operations, including support costs and costs relating to the governance of the Academy Trust apportioned to charitable activities.

1.6 Government grants

Government grants relating to tangible fixed assets are treated as deferred income and released to the Statement of financial activities over the expected useful lives of the assets concerned. Other grants are credited to the Statement of financial activities as the related expenditure is incurred.

1.7 Taxation

The Academy Trust is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes.

Accordingly, the Academy Trust is potentially exempt from taxation in respect of income or capital gains received within categories covered by Part 11, chapter 3 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

1.8 Operating leases

Rentals paid under operating leases are charged to the Statement of Financial Activities on a straight line basis over the lease term.

(A company limited by guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2021

1. Accounting policies (continued)

1.9 Tangible fixed assets

Assets costing £5,000 or more are capitalised as tangible fixed assets and are carried at cost, net of depreciation and any provision for impairment.

Where tangible fixed assets have been acquired with the aid of specific grants, either from the government or from the private sector, they are included in the Balance Sheet at cost and depreciated over their expected useful economic life. Where there are specific conditions attached to the funding requiring the continued use of the asset, the related grants are credited to a restricted fixed asset fund in the Statement of Financial Activities and carried forward in the Balance Sheet. Depreciation on the relevant assets is charged directly to the restricted fixed asset fund in the Statement of Financial Activities. Where tangible fixed assets have been acquired with unrestricted funds, depreciation on such assets is charged to the unrestricted fund.

Depreciation is provided on all tangible fixed assets other than freehold land and assets under construction, at rates calculated to write off the cost of each assets, less their estimated residual value, over their expected useful lives.

Depreciation is provided on the following bases:

Licence to occupy	- 2% - 10%
Long leasehold property	- 0.8% - 2%
Long leasehold improvements	- 5%
Furniture and fixtures	- 10%
Motor vehicles	- 20%
Computer equipment	- 33.33%

Assets in the course of construction are included at cost. Depreciation on these assets is not charged until they are brought into use and reclassified to freehold or leasehold land and buildings.

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the Statement of financial activities.

1.10 Current asset investments

Short term investments comprise funds held on Money Market and Call Notice deposit accounts and are not readily accessible within 3 months or 32 days respectively.

1.11 Debtors

Trade and other debtors are recognised at the settlement amount after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

KING EDWARD VI ACADEMY TRUST BIRMINGHAM
(A company limited by guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2021

1. Accounting policies (continued)

1.12 Liabilities and provisions

Liabilities are recognised when there is an obligation at the Balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount that the Academy Trust anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

Provisions are measured at the best estimate of the amounts required to settle the obligation. Where + the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised within interest payable and similar charges.

1.13 Financial instruments

The Academy Trust only holds basic financial instruments as defined in FRS 102. The financial assets and financial liabilities of the Academy Trust and their measurement bases are as follows:

Financial assets - trade and other debtors are basic financial instruments and are debt instruments measured at amortised cost as detailed in note 13. Prepayments are not financial instruments.

Cash at bank is classified as a basic financial instrument and is measured at face value.

Financial liabilities - trade creditors, accruals and other creditors are financial instruments, and are measured at amortised cost as detailed in notes 15 and 16. Taxation and social security are not included in the financial instruments disclosure definition. Deferred income is not deemed to be a financial liability, as the cash settlement has already taken place and there is an obligation to deliver services rather than cash or another financial instrument.

1.14 Agency arrangements

The Academy Trust acts as an agent in distributing bursary funds and grants from ESFA, other government bodies and King Edward VI Sheldon Heath Charitable Fund. Payments received and subsequent disbursements to students are excluded from the statement of financial activities as the Academy Trust does not have control over the charitable application of the funds. In some instances the trust can use a percentage of the allocation towards its own administration costs and this is recognised in the statement of financial activities. The funds received and paid and any balances held are disclosed in the notes to the financial statements.

KING EDWARD VI ACADEMY TRUST BIRMINGHAM
(A company limited by guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2021

1. Accounting policies (continued)

1.15 Pensions

Retirement benefits to employees of the Academy Trust are provided by the Teachers' Pension Scheme ("TPS") and the Local Government Pension Scheme ("LGPS"). These are defined benefit schemes.

The TPS is an unfunded scheme and contributions are calculated so as to spread the cost of pensions over employees' working lives with the Academy Trust in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by the Government Actuary on the basis of quadrennial valuations using a prospective unit credit method. TPS is an unfunded multi-employer scheme with no underlying assets to assign between employers. Consequently, the TPS is treated as a defined contribution scheme for accounting purposes and the contributions recognised in the period to which they relate.

The LGPS is a funded multi-employer scheme and the assets are held separately from those of the Academy Trust in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit credit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The actuarial valuations are obtained at least triennially and are updated at each Balance sheet date. The amounts charged to operating surplus are the current service costs and the costs of scheme introductions, benefit changes, settlements and curtailments. They are included as part of staff costs as incurred. Net interest on the net defined benefit liability/asset is also recognised in the Statement of financial activities and comprises the interest cost on the defined benefit obligation and interest income on the scheme assets, calculated by multiplying the fair value of the scheme assets at the beginning of the period by the rate used to discount the benefit obligations. The difference between the interest income on the scheme assets and the actual return on the scheme assets is recognised in other recognised gains and losses.

Actuarial gains and losses are recognised immediately in other recognised gains and losses.

1.16 Conversion to an academy trust

The conversion from a state maintained school to an Academy Trust involved the transfer of identifiable assets and liabilities and the operation of the school for £NIL consideration. The substance of the transfer is that of a gift and it has been accounted for on that basis as set out below.

The assets and liabilities transferred on conversion from King Edward VI Balaam Wood Academy to the Academy Trust have been valued at their fair value. The fair value has been derived based on that of equivalent items. The amounts have been recognised under the appropriate Balance sheet categories, with a corresponding amount recognised in Income from Donations and Capital Grants in the Statement of financial activities and analysed under unrestricted funds, restricted general funds and restricted fixed asset funds.

Further details of the transaction are set out in note .

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2021

1. Accounting policies (continued)

1.17 Fund accounting

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objects of the Academy Trust at the discretion of the Trustees.

Restricted fixed asset funds are resources which are to be applied to specific capital purposes imposed by the funders where the asset acquired or created is held for a specific purpose.

Restricted general funds comprise all other restricted funds received with restrictions imposed by the funder/donor and include grants from the Department for Education Group.

Investment income, gains and losses are allocated to the appropriate fund.

2. Critical accounting estimates and areas of judgment

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions:

The Academy Trust makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

The present value of the Local Government Pension Scheme defined benefit liability depends on a number of factors that are determined on an actuarial basis using a variety of assumptions. The assumptions used in determining the net cost or income for pensions include the discount rate. Any changes in these assumptions, which are disclosed in note 28, will impact the carrying amount of the pension liability. Furthermore a roll forward approach which projects results from the latest full actuarial valuation performed at 31 March 2019 has been used by the actuary in valuing the pensions liability at 31 August 2021. Any differences between the figures derived from the roll forward approach and a full actuarial valuation would impact on the carrying amount of the pension liability.

The Academy Trust receives donated services from Schools of King Edward VI in Birmingham (the 'Foundation') valued at £998,478 (2020: £1,017,248) which is an approximation of the service costs provided to the Academy Trust, this has been included as both income and expenditure.

Critical areas of judgment:

21. Central services

The Academy Trust has provided the following central services to its academies during the year:

- strategic support;
- governance, including the provision of a Company Secretary and Clerks;
- finance support, including dedicated Finance Managers;
- human resources and payroll, including dedicated HR Business Partners;
- estates, including support for capital projects, health and safety and the co-ordination of central contracts (e.g. insurance)
- marketing and communications; and
- admissions (where applicable).

The Academy Trust charges for these services on the following basis:

Each academy pays a contribution to central services. For 2020/21 this was based on a standard figure of £90,000 which was then adjusted downwards for some Academies to reflect the fact that some (new joiners) still had their own legacy payroll arrangements and some (non-selective) received an admissions service from the local authority.

The actual amounts charged during the year were as follows:

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2021

28. Pension commitments

The Academy Trust's employees belong to two principal pension schemes: the Teachers' Pension Scheme England and Wales (TPS) for academic and related staff, and the Local Government Pension Scheme (LGPS) for non-teaching staff, which is managed by West Midlands Pension Fund. Both are multi-employer defined benefit schemes.

The latest actuarial valuation of the TPS related to the period ended 31 March 2016 and of the LGPS 31 March 2019.

There were no outstanding or prepaid contributions at either the beginning or the end of the financial year.

Teachers' Pension Scheme

The Teachers' Pension Scheme (TPS) is a statutory, contributory, defined benefit scheme, governed by the Teachers' Pension Scheme Regulations 2014. Membership is automatic for full-time teachers in academies. All teachers have the option to opt-out of the TPS following enrolment.

The TPS is an unfunded scheme to which both the member and employer makes contributions, as a percentage of salary - these contributions are credited to the Exchequer. Retirement and other pension benefits are paid by public funds provided by Parliament.

Valuation of the Teachers' Pension Scheme

The Government Actuary, using normal actuarial principles, conducts a formal actuarial review of the TPS in accordance with the Public Service Pensions (Valuations and Employer Cost Cap) Directions 2014 published by HM Treasury every 4 years. The aim of the review is to specify the level of future contributions. Actuarial scheme valuations are dependent on assumptions about the value of future costs, design of benefits and many other factors. The latest actuarial valuation of the TPS was carried out as at 31 March 2016. The valuation report was published by the Department for Education on 5 March 2019. The key elements of the valuation and subsequent consultation are:

- employer contribution rates set at 23.68% of pensionable pay (including a 0.08% administration levy)
- total scheme liabilities (pensions currently in payment and the estimated cost of future benefits) for service to the effective date of £218,100 million and notional assets (estimated future contributions together with the notional investments held at the valuation date) of £196,100 million, giving a notional past service deficit of £22,000 million
- the SCAPE rate, set by HMT, is used to determine the notional investment return. The current SCAPE rate is 2.4% above the rate of CPI, assumed real rate of return is 2.4% in excess of prices and 2% in excess of earnings. The rate of real earnings growth is assumed to be 2.2%. The assumed nominal rate of return including earnings growth is 4.45%.

The next valuation result is due to be implemented from 1 April 2023.

The employer's pension costs paid to TPS in the year amounted to £5,554,895 (2020 - £5,216,509).

A copy of the valuation report and supporting documentation is on the Teachers' Pensions website (<https://www.teacherspensions.co.uk/news/employers/2019/04/teachers-pensions-valuation-report.aspx>).

Under the definitions set out in FRS 102, the TPS is an unfunded multi-employer pension scheme. The Academy Trust has accounted for its contributions to the scheme as if it were a defined contribution scheme. The Academy Trust has set out above the information available on the scheme.

28. Pension commitments (continued)

Local Government Pension Scheme

The LGPS is a funded defined benefit pension scheme, with the assets held in separate trustee-administered funds. The total contribution made for the year ended 31 August 2021 was £1,988,000 (2020 - £1,988,000), of which employer's contributions totalled £1,662,000 (2020 - £1,444,000) and employees' contributions totalled £ 326,000 (2020 - £296,000). The agreed contribution rates for future years are 21.7% per cent for employers and between 5.5% and 12.5% per cent for employees.

As described in note the LGPS obligation relates to the employees of the Academy Trust, who were the employees transferred as part of the conversion from the maintained school and new employees who were eligible to, and did, join the Scheme in the year. The obligation in respect of employees who transferred on conversion represents their cumulative service at both the predecessor school and the Academy Trust at the balance sheet date.

Parliament has agreed, at the request of the Secretary of State for Education, to a guarantee that, in the event of academy closure, outstanding Local Government Pension Scheme liabilities would be met by the Department for Education. The guarantee came into force on 18 July 2013.

The trust has entered into an agreement to make contributions in addition to normal funding levels due to the scheme being in deficit. It is anticipated that the additional contributions will be paid over the following year as follows:

2021/22: **£493,986**
2022/23: **£511,989**
